JAMESON ARRAIGNED

A Jingo Crowd Fills the London Bow Street Police Court.

NOTHING STARTLING DEVELOPED

He is Charged With Violating the Laws Relating to Foreign Enlistments—Witnesses to Prove the Charge.

LONDON, March 10.—A large and pronounced jingo crowd in and about the Bow street police court witnessed the formal arraignment of Dr. Jameson, Major John Willoughby and others, charged with violating the foreign enlistment act passed in 1870 to regulate the conduct of Her Majesty's subjects during the existence of hostilities between foreign states with which Her Majesty is friendly. Among the audience were members of nobility and other prominent persons. There was excited admiration, almost awe, when Jameson, Willoughby and their fellow raiders clustered together at the opening of court. The array of counsels on both sides was formidable. Sir John Bridge, chief magistrate, dwelt in forcible language upon the gravity of the charge against the prisoners, contending that the South Africa republic was a friendly state within the meaning of the foreign enlistment act, holding that Buchanland, from whence most of Jameson's troops came, was undoubtedly a part of the British dominion. The first witness called was Sargent Hay of Buchanland, who testified to the mustering of troops at Mafeking and to the endeavors of Dr. Jameson and Col. Grey to induce him and his comrades to join a body of men then being equipped for a march towards Johannesburg. He said some troops enlisted, while others refused to join the expedition.

Sir Richard Webster occupied most of the morning in his address. No startling developments were made during the examination of witnesses. After the formal evidence had been submitted, adjournment was taken for one week. Corporal Smith of the Buchanland Police testified that Dr. Jameson made a speech to the troops at Pitsanioplo December 29, and read a letter signed by Messrs. Hammond, Farrar, Phillips and Leonard of Johannesburg, the reform committee, requesting assistance on behalf of the people of Johannesburg who, it was claimed, were in danger of the threatening attitude of the Boers. According to Smith Jameson told the troops he did not believe a shot would be fired.

Resolutions were adopted indorsing McKinley for president. Delegates were selected to the state, congressional and senatorial conventions.

They were arraigned before Justice W. H. Wade, of Lima township, and gave bail for their appearance next Thursday.

The new men are all employed under the merit system of wages, the hours being equal to the old union scale.

HORRIBLE SCENE.

A Wife Cooks Meals Beside the Decomposed Body of Her Dead Husband.

MEXICO, Mo., March 10.—The most horrible tale of death from neglect has just come to light at Martinsburg, Mo. Coroner Rhodes received a telegram to come there immediately. On arriving he was taken to the farm house of Pat Cronin. Here an awful sight was disclosed. Lying on the bed across the room the body of Mr. Cronin was found in a most advanced state of decomposition. The stench was unbearable. Mrs. Cronin, who is subject to insane spells, was going round about her household duties much the same as usual, cooking a meal in the room where the corpse lay. It seems Mrs. Cronin thought her husband was very sick and sat up with him every night until his face became black, then becoming frightened she told the priest, who communicated with Coroner Rhodes. Mrs. Cronin has since died.

E. S. HAGGARD DIES SUDDENLY.

Dispute Among Friends as to Whether His Death Was Accidental.

ARCOLA, Ill., March 10.—E. S. Haggard, for twelve years agent for what is now the Vandalia railway at Arthur, Ill., died yesterday from the effects of an overdose of morphine. Haggard went to Decatur on Friday evening, taking with him a considerable sum of the company's money. As no trace of this cash can be found it is thought he was either robbed or lost the amount. The coroner's inquest failed to produce any evidence other than of suicide, but the general opinion is he committed the act to avoid disgrace. Haggard was a man of temperate habits, and bore an unquestionable reputation for honesty. It is impossible to get an estimate of his shortage with the company. Mr. Haggard's most intimate friends declare the death was due to an accident.

Ohio Republican Convention. COLUMBUS, O., March 10.—The Republican state convention assembled in this city at 3:30 p. m. to day to nominate candidates for secretary of state, members of board of public works, judge of supreme court and dairy and food commissioner, and to select four delegates at large to the Republican National convention at St. Louis. It is practically settled that Gov. Bushnell, Senator-elect Foraker, Congressman Grosvenor and Hon. Mark Hanna will be the delegates at large. All are pledged for McKinley for president.

The principal light on the state ticket is for Dairy and Food Commissioner. There are half dozen candidates for the nomination, and they are waging a double fight against Dr. McNeal, the present commissioner, who is asking for a third term, by supporting the candidacy of Judge Stillwell for member of the board of public works. Judge Stillwell is from the same county as Dr. McNeal, and his nomination would bar Dr. McNeal. The only candidates for secretary of state are Hon. E. W. Doty, of Cleveland, and Charles Kinney, chief clerk of the office under its present incumbent. A dark horse is said to be grooming for the place.

Saline County Republicans. HARRISBURG, Ill., March 10.—The Republicans of Saline county assembled in mass convention in this city yesterday for the purpose of selecting delegates to the state, congressional and senatorial conventions. His letter states that he got the scrip from the estate of his grandfather, Columbus Delano, who was Secretary of the Interior in Grant's first cabinet, and who was a member of the New York banking house of Delano, Dupleix & Co., which flourished from 1850 to 1855. The scrip, in denominations of \$1, \$2, \$3, \$5 and \$10, was issued by the National Improvement Association at Springfield in 1840, and countersigned by William Prentiss, Secretary of the Board of Public Works. Auditor Gore believes the scrip is worthless, but will make an investigation.

Position of a Monument Questioned. WASHINGTON, D. C., March 10.—The Indiana Chickamauga Commission is protesting against the position assigned to the 19th Illinois monument on Snodgrass Hill. Hunter's regiment, the 83d Indiana.

UP IN CONGRESS.

The Cuban Trouble—Members Talk on What Was Said Before.

TELLER WOULD SEND DE LOME HOME

The Cuban Minister is Thought to Be Impudent—A Big Crowd in the Senate to Hear Comments on De Lome's Criticisms.

WASHINGTON, March 10.—The Cuban question continues to be a drawing card in the senate, attracting large crowds. As soon as the journal was read Mr. Lodge (Rep., Mass.) rose to a question of personal privilege. He said he had read an interview attributed to Minister Dupuy De Lome in reference to the utterances of Lodge calling in question the accuracy of the translation of statements attributed to General Weyler, in which the latter declared he would "exterminate the insurgents." He commented on the exactness of the translation, and said the literal rendering of Weyler's language would be that he would "clean out" the large insurgent bands and "exterminate" small ones. He said it was not proper for a representative of a foreign power to communicate except through the State Department and added his most emphatic protest against public comment by any diplomatic representative on debates in congress. Teller said there should be no comment by any foreign minister. He should not be heard at all except in regular channels. Twice had foreign ministers been sent home for statements of less importance than this. He added: "Had I been in authority I would not have sent him home for this offense, but I would have the secretary of state in a most kindly way suggest that a repetition of the offense would lead to his going home."

Hoar's resolution postponing Cuban discussion to April 6 went over on account of poor health and Hoar's inability to speak on it. Acting Secretary of State Rockhill called Counsel General Williams, Havana, asking him to investigate the report as soon as possible on the case of Walter G. Dygart, a citizen of Illinois, said to be confined in prison in Cuba.

The bill making one year's continuous residence in the territories a prerequisite to obtaining divorce in such territories was passed. This is aimed at Oklahoma. Friends of the bill express confidence in the sub-committee and predict it will be accepted by the majority of the committee and will soon reach the senate and be favorably recomended.

NEW YORK, March 10.—The new religious movement on similar lines to the Salvation army, to be led by Ballington Booth and his wife, may now be said to be fairly started. Ballington Booth appeared at his new headquarters in the Bible house yesterday, and at once began to get the work of organization under way. A name for the new movement has not yet been decided upon, and it may be several days before that is settled. There is also doubt as to just what uniform will be adopted. The indications, are, however, that a dark blue costume and black slouch hats for the men will be chosen.

ALL FOR MCKINLEY.

Republican Convention Preparing to Give the Lie to Those Who Say Ohio Is Not Solid for McKinley.

COLUMBUS, O., March 10.—There is a large attendance for the Republican state convention which meets this afternoon. Preliminary meetings in the nature of McKinley rallies are being held. There is no opposition to the men known to be wanted by McKinley as delegates at large. Resolutions of the committee are being made up for McKinley's benefit. The organization is being perfected with that objective view. There is a close fight between Doty and Kinney for secretary of state, and there are contests for other places, but the main feature of the convention is for the purpose of letting other states know the sentiment in Ohio is for McKinley.

BOLD DIAMOND THIEF

A Well-Dressed Man Enters a Denver Jewelry Store.

SEIZES A TRAY OF PRECIOUS STONES.

And, Though Hotly Pursued by the Clerk, Who Fires Several Shots at the Retreating Figure, Makes Good His Escape.

DENVER, March 10.—A tray of diamonds was stolen from the jewelry establishment of P. Gottlebsen on Sixteenth street at five o'clock yesterday afternoon, and the thief managed to make good his escape, though he was followed for several blocks by the clerk who had waited on him.

About five o'clock a well-dressed man of medium height and age entered the store and asked to be shown some diamonds. The robber stated that he wanted to buy a diamond for his wife, and the clerk, C. H. Leppa, produced a tray containing a large stock of gems.

The robber suddenly looked towards a tray of watches and suggested that possibly a watch would do instead, evidently expecting that the clerk would step along and pull out a tray of watches. Instead of this, however, the clerk reached out for the diamonds, with the purpose of returning the diamonds first to the showcase.

At this instant the robber drew a small piece of board from under his coat and, with an oath, laid it over the tray, which he coolly drew out of the reach of the clerk and, turning, ran out of the door, leaving his overcoat behind.

Leppa snatched up a revolver and ran out on Sixteenth street. The robber turned at the corner of Arapahoe and ran across toward the alley in the rear of the post office. Leppa fired a shot, hoping to attract attention from bystanders, but no one offered to assist in the pursuit.

Emerging into Fifteenth street, the robber made for the alley above. Greek George, a candy vender on Fifteenth street, started in pursuit, when the robber turned and fired a shot. The bullet lodged in the candy vender's wrist. Leppa fired twice on Fifteenth street, but failed to bring down the robber, who lodged into the alley and was lost to view.

Mr. Gottlebsen was unable to give the value of the contents of the tray. It may be \$5,000, and it may be \$25,000.

SWEDISH AMERICANS

Meet in Second Annual Convention at Rockford, Ill.

ROCKFORD, Ill., March 9.—Hundreds of delegates reached the city to attend the second annual convention of the Swedish American Republican League of Illinois, which promises to be the largest meeting of the kind ever held in the state. They were met at the depot by a committee and given an enthusiastic welcome, after which they were escorted to the headquarters at the Nelson hotel, which is already well filled with visitors.

It was the intention to have had an address of welcome from Mayor Brown at two o'clock this afternoon and a response from President Westman; but owing to the fact that many of the delegates did not arrive until this evening this part of the programme was postponed until to-morrow morning at 10 o'clock. The afternoon session to-day was a brief one, two or three committees being appointed and other routine work transacted, after which an adjournment was taken and the visitors spent the remainder of the afternoon seeing the sights of the city.

To-night there was a concert given by the Svea Sonor society and a union meeting of the Luther leagues of the city at the First Lutheran church, addressed by J. B. Oakleaf, of Moine, the state president, and Prof. C. R. Chindblom, of Chicago.

A SHARP FIGHT

Between Internal Revenue Agents and Illicit Distillers—One Dead and Three Wounded.

WINSTON, N. C., March 10.—At Kernersville, 11 miles from Winston, a desperate fight occurred at 7 o'clock yesterday morning between Revenue Officers James Smith and Walter Davis and Bob Jordan and his son, Bonner. The officers went to Jordan's home to search for "blockade" whisky. They found one keg under his wood pile.

As they attempted to enter the house the father and son began firing on the revenue men, who also began shooting. After several rounds had been fired by the combatants it was discovered that Bob Jordan was dead, and that his son was fatally injured. Both officers were also seriously wounded, but were able to take the morning train for Greensboro.

Bonner Jordan, the son, who is fatally injured, has been regarded as a desperate character for several years.

BLACKBURN'S HOPES

Must be Interred in the Grave of the Late Senator Wellsinger, Who Died Yesterday.

LEXINGTON, Ky., March 10.—A second time since the present session of the Kentucky legislature began has death entered the democratic ranks of its membership.

This time it is Senator Wellsinger, a prominent lawyer of Louisville, who died yesterday, and with him, as will be shown, also, pass away any hopes of the re-election of Hon. J. C. S. Blackburn to the United States senate. Senator Wellsinger was an uncompromising sound-money democrat—was the leader, in fact, of that branch of the party in the legislature, and up to a few days ago was the greatest factor in preventing the re-election of Senator Blackburn.

Senator Wellsinger, shortly before his death, was visited by many of his colleagues from both houses, and among the last words he uttered to those of his own financial views was a request that they stand by their sound money principles to the last. The promise was given to the dying senator, and whatever hope the free silver democrats may have been cherishing of the election of Senator Blackburn will never now be realized.

Christian County.
The Republican convention in Chris-
tian county yesterday carried out the
wishes of the Republican voters of the
county and instructed unanimously for
McKinley for president. This assures
two delegates for McKinley from this
district to the St. Louis convention, as
Logan county and Macon county are
solid for McKinley, and both conven-
tions will instruct for him and will send
delegates who will obey instructions.
The scheme to take the district away
from the people has proven a lamentable
failure. It has failed because the
people were awakened to the fact that
such a plan had been set on
foot and they have risen to demand their
right to have their wishes respected
with such ponderous unanimity that
nothing can withstand it. The remarks
of Dr. Jamieson, chairman of the Re-
publican central committee, in which he
publicly instructed McKinley would
prove clearly bought instructions for
McKinley as "the organization" had
arranged that no Illinois delegates to
the St. Louis convention should be in-
structed, has also contributed much to
the McKinley sentiment in this and
other states and the people of Illinois
will have something to say and will put
their own estimate upon the loss entailed
to McKinley by instructing delegates
for him.

The people have become convinced of
the fact that the whole favorite son
scheme belongs to the same class; that
it is a part and parcel of a great scheme
among a lot of people who consider
themselves the managers of the affairs
of the party and who believe themselves
able to crush the will of the people.
The best evidence of the truth that
this combination exists lies in the fact
that no favorite son has yet discovered
that he has a chance to be nominated
for president except in states that are
known to be for McKinley; none in
states that are conceded to Reed.
Every favorite son who has come into
the field since the sentiment of the peo-
ple became known to be for McKinley
is in it, either intentionally or other-
wise, to defeat McKinley, not because
they have any objection to him but be-
cause they expect to fare better with an
administration not nominated by the peo-
ple. Behind this entire scheme is Platt,
Clarkson and Quay. Recurring to the
plan to use favorite sons as part of the
plan to defeat McKinley it is interesting
to note the fact that in Minnesota where
the people were willing to compliment
Favorite Son Davis it was discovered
that not a single delegate settled on by
the machine to send to St. Louis as a
delegate was for McKinley. They were
carefully selected with that in view.
Having discovered this the people of
Minnesota propose to see to it that none
but McKinley delegates are sent to St.
Louis. Under every favorite son and
the same condition will be found to
exist.
It is therefore a conspiracy against
the will of the people. A conspiracy
which means no good to the party it is
allowed to succeed. It can only be de-
feated by the people and it behooves the
people to look after their wishes and
elect McKinley delegates whenever they
can.

Student's Demonstrations.
The demonstrations of a retaliatory
character indulged in by a few Ameri-
can students in several places against
Spain is not very creditable to the young
men who engaged in them.
Some students in Spain have demon-
strated their hatred of the United States
by burning American flags and stoning
the domiciles of officials representing
the United States government in Spain.
This was brought about by the friendly
attitude of the American congress to-
ward the struggling Cubans. The fate
of Cuba, however, is not likely to be
settled by a few Spanish students, nei-
ther will the course of this govern-
ment be affected in the least by them.
The burning of a few American flags
by them hurts nobody. They bought
them as an article of commerce. On the
shelves of the shopkeeper the flag rep-
resents nothing. In the fire they represent
only the money paid for them, but if the
Spanish students were to take an
American flag from a consulate and
burn it it would be different. There
the flag represents the government, its
glory and its strength, and in that case
the Spanish rioter would be taught that
fact.

The American student who burns a
Spanish flag bought from a storekeeper,
instead of showing his patriotism, simply
demonstrates that he has no more sense
than the Spanish student whose act he
is repeating. That such a thing should
occur is a disgrace to those who indulge
in them. It is only a demonstration of
thickheadedness and far from a demon-
stration of courage and patriotism. If

these young men had the ability to see
these things as they are they would
apologize for their indiscretions.

WASHINGTON LETTER.

(From our Regular Correspondent.)
WASHINGTON, March 9.—Secretary
Olney, the only member of the Cleve-
land cabinet who possesses the slightest
bit of individuality, is reported to be
about to resign because of what Mr.
Cleveland said about the statement given
out by him, defining the attitude of the
administration towards Cuba and say-
ing in effect that no notice would be
taken of the concurrent resolutions
adopted by congress, declaring that the
belligerency of the Cubans should be
recognized, and that the United States
should intervene, if necessary, to put an
end to the war. Mr. Cleveland did not
deny the correctness of the statement,
but wrote with his own hand: "I am in
no way responsible for it, nor in any
way related to it." Now, although
Secretary Olney's name was not
signed to that statement and did not
occur therein, it is well known to a num-
ber of persons that it was written by
him; also that it correctly represented
the attitude of the administration, as
shown in cabinet discussions of the
matter. His connection with the state-
ment being so well known, it is not ex-
pected that Secretary Olney is going to
pocket such a snub; hence his resigna-
tion is predicted.

If the senate agrees with the house,
pensioners will no longer be paid in per-
son by pension agents, but will have
their checks mailed to them, the latter
body having agreed to the change with-
out a division.
There is no doubt about where Sena-
tor Cannon, of Utah, stands on the
Cuban question. In the course of a few
remarks made by him at the installation
of officers of the Department of the
Potomac G. A. R., he said: "Every
American citizen holds in his hand some
portion of the rights and liberties of the
people of this world. We should so con-
serve our powers and we should so use
them that when America shall say,
'Cuba, thou art free,' she shall be free.
That time will come; speed it! Almighty
God, when the people of the United
States, free themselves, shall make the
world free also."

A strong effort is being made by ad-
ministration Democrats to get the Car-
list boom on the road. It has been O.
K'd by Wall Street and Mr. Cleveland is
said to be agreeable. Still it doesn't go.
Secretary Carlisle was once popular
with his Democratic colleagues in
congress, but he isn't now. The
silver Democrats don't want him, be-
cause they accuse him of being a rene-
gade, and the anti-silver element in the
Senate, composed of such Democrats as
Gorman, Brice, Hill and Smith, will not
move a finger to help him, because they
regard him as merely a Cleveland dum-
my. In fact, neither Brice nor Gorman
are taking the slightest interest in the
Democratic nomination for President.
They both regard the case as so hope-
less that they have declined even to take
the trouble to attend the Chicago con-
vention.
The friends of Gov. McKinley in Con-
gress indignantly deny the report scat-
tered broad cast by his enemies that
manufacturers are being solicited to
contribute to a fund to be used to bring
about his nomination. They say that he
has no barrel, and no need for one, and
that they daily grow more confident that
his great personal popularity will result
in his nomination.

SAM LOVELESS, of Sullivan, has bought
three full-blooded Mulo breed blood-
hounds at Waco, Tex., for the tracking
of criminals.

The skeleton in many a household is
the presence of a wife and mother, or of
the wife who ought to be a mother and is
not. Dr. Pierce's Favorite Prescription is de-
stroyed by the presence of the secret
sickness that may lurk like a grimacing
death among the most luxurious
homes. The most terrible thing about
this condition of affairs is that it is entirely
preventable. There is no reason in the world why every woman
in the world should not be strong and health-
ful and capable of fulfilling her whole duty
as a wife and mother. Many women go
month after month, and year after year, be-
coming weaker and weaker, because of a
very natural hesitancy they feel in consult-
ing a physician. They know that if they go
to a doctor for treatment, the first thing he
will insist on will be "examination" and
"local treatment." This must of course be
distasteful to every modest woman. They
are generally as unnecessary as they are ab-
horrent. Dr. Pierce's Favorite Prescription
cures positively, perfectly, permanently, all
varieties of "female weakness" and dis-
ease. It is designed to do this one thing,
and does it. It is the only medicine now
before the public for women's peculiar ail-
ments, adapted to her delicate organization
by a regularly graduated physician—an ex-
perienced and skilled specialist in these
maladies. It cannot do harm in any con-
dition of the system. Its sales exceed the
combined sales of all other medicines for
women.

Every woman will be healthier and happier
for following the friendly, practical
counsel contained in this little book.

guage. It contains 100 pages,

Kirk's Success.

The Sale of His Great Prepa-
ration, Eos, Elixir of
Soap.

Unparalleled in the History of the
Retail Grocery Trade of Chi-
cago—Its Merits Now
Conceded by Ev-
erybody.

(Chicago Tribune.)
That merit wins has been amply
proven by James S. Kirk & Co. in the
enormous business that has been done
in this city and elsewhere since they
first introduced their new discovery,
Eos. There are, of course, most excel-
lent reasons why the public were quick
to appreciate Eos. Chief among them
is the fact that it is a great money-
saver. The people also know that when
any article makes its appearance upon
the market bearing the stamp of James
S. Kirk & Co., it is worth every penny
asked for it. We again call the public's
attention to the column after column of
testimonials published in this paper,
every one of which is from people who
reside right in Chicago.

George Taylor, No. 536 Davis St.,
Evanston, Ill., one of Evanston's
largest and most prominent grocers,
says Eos beats anything of its kind.

Entirely unsolicited under date of
October 28th, Mr. George M. Taylor, the
well-known Evanston grocer, writes us as
follows:
"We used a package of Eos in clean-
ing our store and also for general scrub-
bing purposes, and while I have been a
groceryman in Evanston for a good
many years, and have tested, perhaps,
500 different powders, Eos beats them
all."

Use Eos in doing your family wash-
ing!
Use Eos to prevent the colors in your
printed cotton goods from running!
Use Eos to wash your dishes and for
general kitchen work!
Use Eos to scour your milk pans!
Use Eos to clean your paint!
Use Eos when you scrub your floor,
and we again repeat that your work will
be done better than it has ever been
done heretofore at half the labor and
expense.

it to others, on every occasion that pre-

Dr. L. Kittinger, a leading physician
of Wilmington, Del., asked a copy of
Brazilian Balm to send him a dollar
bottle. A few weeks afterwards the
doctor said: "I had a couple of cases of
old Cough on hand that completely
baffled me. I had got to the end of my
string. But the Balm made a prompt
cure in both cases. It is a remarkable
remedy."

dreaded disease that science has been
able to cure in all its stages, and that is
Catarrh. Hall's Catarrh Cure is the
only positive cure known to the medical

treatment. Hall's Catarrh Cure is taken
internally, acting directly on the blood
and mucous surfaces of the system,
thereby destroying the foundation of the
disease, and giving the patient strength
by building up the constitution and as-

an opportunity to inspect the new trans-

up for the people.

MANY strangers were in the city last
night. They came in from many sur-
rounding towns to see and hear Sol
Smith Russell. The people always turn
out to give Sol an ovation. Sol ought
to be a rich man pretty soon. Guess he
is able to pay his board and railroad
fare, and the chances are that he has a
lot of valuable real estate and perhaps a
stack of government bonds from which
he clips the festive coupons at stated in-
tervals. Sol knows his business.

FIRE IN RIVERSIDE PLACE.

The Home of A. W. St. Clair in Ashes--
Loss, \$1,500; Insurance, \$1,700.

The frame dwelling of A. W. St. Clair,
who is a manufacturing chemist, was
totally destroyed by fire last night be-
tween 8 and 9 o'clock. The house of
seven rooms stood in Riverside Place,
not far from the park. There was no-
body at home at the time the fire broke
out. Mr. St. Clair was out of the city
and the lady of the house had gone away
in the morning to spend the day with a
lady friend. A neighbor discovered the
fire and sent in the alarm. A chemical
crew and the hook and ladder team re-
sponded, but by the time the outfit
reached the conflagration the house was
enveloped in flames. The nearest fire
plug was over half a mile distant.
Nobody knows how the house took fire.
Only a part of the furniture was re-
scued. The loss is placed at \$1,500;
insurance, \$1,700; with \$44 on household
goods. Mr. St. Clair bought the place
of F. P. Roddy some time ago. He was
making monthly payments on the
property.

THE SALVATION ARMY.

Some of the Officers and Soldiers Went to
Peoria To-day to Attend the
State Council.

A number of the officers and soldiers
of the Decatur corps of the Salvation
Army went to Peoria to-day to attend
the state council. It is probable that
Capt. Coleman and his wife, who holds
the same office, and Lieut. Koopke, who
have charge of the local corps, will be
transferred to another city as the offi-
cers as a general rule are only left in one
place about six months. Capt. Coleman
and his wife took charge of the corps in
this city last July. They undertook the
work under rather trying circumstances
but they have managed to build up the
army and twenty-four new members
have been added under their adminis-
tration. The officers from here will
probably be sent to Joliet, and it is
likely that Capt. Stoveking and her as-
sistant will be stationed in this city. A
petition signed by several hundred
names asking that the present officers
be allowed to remain in this city, will be
sent to the council, but it is not likely
that it will be noticed as the council
very seldom lets any one set of officers
stay at one place more than about six
months. The corps in this city is in a
prosperous condition and the retiring
officers leave it in a better condition
than it was when they took up the
work.

Among those who will go to Peoria to-
day to attend the council are: Captain
Coleman and his wife, Lieut. Koopke,
Mr. and Mrs. Harvey Wood, Mrs. Will-
iams, Miss Lillie Keenan, Miss Minnie
Clair and James Bland.

Still Talking.

The people continue to discuss the
imbrolio in the Christian church, and
wonder and wonder how it will all end.
No one seems to be able to predict the
outcome with any great degree of cer-
tainty; and it seems that any man's op-
inion is as good as that of any other man.
The opposition to Hall is simply waiting
for the 30 days to elapse and then they
will begin to saw wood in a way which
they predict will cause Mr. Hall's hair
to curl. The conservative members of
the congregation sincerely regret the
condition of affairs. Even many of the
friends of Mr. Hall would not attend the
services on Sunday. They feared there
would be a fuss, and they didn't want to
be in it. They remembered that the
faction which finally ousted Rev. E. B.
Coke from the pastorate of the church
was wild and wooly, and they recalled
the fact that in that break-up some
pretty plain words were spoken. And
then there were a lot of people opposed
to Hall who did not attend or would not
vote because they were content to let
the official board do the fighting. It
rests with the board to wind up the case
in accordance with the expressed action
of that body, and the officers say they
are masters of the situation. They
claim that they will triumph in the end,
but they can't do a thing now until the
30 days have gone by. When Mr. Hall
came here 26 months ago it was with the
understanding that in case there was
any dissatisfaction, the church was to
give the pastor 30 days' notice that his
resignation would be acceptable; and it
was agreed on the part of Mr. Hall that
if he wanted to leave, he was to resign,
the resignation not to take effect for 30
days. So there is nothing to do now but
wait and talk, and people will talk.

Executive Board Meeting.

The members of the executive board
of the Christian Endeavor society of the
First Presbyterian church held a meet-

mittees were appointed: Prayer meeting

ary, Miss Flora Hill; floral, Miss Sallie
Shaffer; Sunday school, Miss Phoebe

Fannie Bivans; relief, Mrs. Richardson;
good literature, Miss Cordie Underwood;
good citizenship, Bert Bivans; calling,

sey. Besides these chairmen a large
number of assistants were appointed on
each committee. It was decided to hold
the meetings of the executive board on
the second Monday of each month.

THE BISHOP TO YOUNG MEN.

Seymour Gave the Springfield Young Men
a Good Talk in the Y. M. C. A. Rooms.

Last Sunday Bishop George Seymour
of the Episcopal church, who is soon to
visit St. John's church to confirm a
class, delivered a strong sermon to
young men at the Young Men's Chris-
tian Association rooms at Springfield.
He is quoted by the State Journal as
saying:

Bishop Seymour addressed a large
audience at the Y. M. C. A. hall at the
men's meeting yesterday afternoon.
The bishop's subject was "What will
yield the greatest profit to a man in the
ventures of life?" The sermon was
very instructive, not only to the young
men but to the elder as well.

Bishop Seymour impressed upon the
minds of his listeners that a man profit-
eth nothing if he gains the whole world
but suffer the loss of his soul. He spoke
of the great good in ancient history
who conquered many countries and of
others who possessed enormous wealth
and then asked what they gained if
their souls were destroyed. In starting
through life, the speaker said, the first
thing a young man should pay particu-
lar attention to is the selection of com-
panions. The first companion and one
that would follow him through life was
his soul. If this companion was deceit-
ful, treacherous and falsifying, that
man's life would be one of misery and
woe and he would have all sorts of bat-
tles to contend with, but if in the selec-
tion of companions the soul was of a lov-
ing, gentle and true disposition, that
man's life would be one of joy and hap-
piness, and in the end of this life his
soul would fly heavenward to join the
angels where joy and happiness would
reign forever and ever.

He spoke of what a wonderful being
man is, what powers he has to perform
great wonders and miracles and how
God had created many things to make
him happy during this life; but, despite
all these blessings, man is often too
greedy, and in his eagerness to attain
wealth and to make his name he goes
to ruin and does not realize the great
danger in so doing until he is called
before God. The bishop closed with a
strong appeal to all young men in start-
ing their journey through life to select
as their first companion their soul and
train it to be of a kind disposition and
in the end they would be rewarded.

THE LATE MRS. L. H. STEVENS.

Funeral Held at Blue Mound on Monday—Burial in the Walts Cemetery—Last Words.

The funeral of the late Mrs. Louise H. Stevens took place on Monday from the Cumberland Presbyterian church in the presence of a large number of old neighbors and friends. The Rev. Mr. Bankson conducted the impressive services. The interment was in the Walts cemetery. This sketch of the life of the deceased was read by the minister:

Mrs. Louise H. Stevens died at the home of her youngest son, Dr. E. L. Stevens, at Des Moines, Iowa, March 7th at 2:45 p. m., in great peace after 8 days of suffering from an attack of pneumonia.

Mrs. Louise H. Stevens, whose maiden name was Taylor, was born in Springfield, Ill., on the 15th day of April, A. D. 1829, and was principally raised in Macou county, Ill., and early became a Christian and a member of the C. P. church and has held her membership in the Madison and Blue Mound church ever since, being now a member of this church in which she was deeply interested.

She was first married to James M. Pope in Oct. 1847, to whom she bore seven children, six of whom are still living and are present to-day. W. D. Pope, of Fort Scott, Kan., T. J. and M. E. Pope, of Blue Mound, C. W. and J. F. Pope, of Morrisville, Ill., and J. T. Pope, of Decatur. Her husband, James M. Pope, having become a soldier in Co. E, of the 11th Regiment Illinois Volunteer Infantry, under Col. Jesse H. Moore, gave his life for the country he loved, having died near Danville, Ky., on Dec. 30th, 1862, whose remains were brought home and reinterred. After caring for her dear boys for five years, she was again married to A. C. Stevens by the present speaker on Sept. 10th, 1867, to whom she bore one son, Dr. E. Luther Stevens, of Des Moines, Ia., at whose home and under whose care she died in the presence of her two youngest sons, her husband, and her only living sister, Mrs. Amanda Devin, of Des Moines, Ia., loving care was so tenderly and lovingly bestowed.

She died as she had lived, a true Christian, and repeated many passages of scripture in which she so lovingly trusted and asked to have her loved ones present sing "Nearer My God to Thee," and "Going Home to Die no More," bidding all good bye and sending messages of love to many friends and loved ones by name, among whom were Bro. Bankson and wife, and Nellie and boys, Bro. and Sister McKenzie, and all of her dear children and grand children not present, and to all her dear, loving friends.

The remains were brought to Blue Mound from Des Moines by Z. T. Pope, a son of the deceased.

John Williams a Candidate.

The announcement is made to-day that John Williams will be a candidate for assistant supervisor at the approaching election, subject to the action of the Republican township convention. Mr. Williams is quite well known as one of the representative citizens of the township who would make a wise and useful member of the board. He is careful, economical and successful in the management of his own affairs and should be nominated his election would follow as a matter of course, giving to the township and to the county an active and valuable member of the board.

REBEL VICTORIES.

A Series of Severe Engagements in Which the Spanish are Defeated.

SANTIAGO DE CUBA, Feb. 29, via Tampa, Fla., March 9.—On the 25th instant the rebel forces, under command of Gen. Matias, attacked the town of Sagua de Lauma, seizing, after three hours' fight, one of the forts which defend the place. The rebels entered the fort and seized arms, ammunition and provisions, afterward burning the fort and several houses. The rebels had two killed and 90 wounded.

A rebel force of 100 men under Capt. Dominguez, appeared yesterday (the 28th) in Moron. They burned the two forts of the place and took with them all the arms, ammunition and provisions they found there. There was no Spanish garrison in Moron, as the Spanish troops had left the day before in compliance with the general order of the military governor of Santiago to abandon all small villages. This order has been harmful to the government as all the men of those small places have joined the insurgents.

The foreign planters have presented a joint protest to their consuls against the order compelling them to abandon their plantations.

On the 23d inst. the rebel forces of Brigadier Periquito Perez had an engagement in Ramon de las Saguas with the Spanish column under Col. Recas. The Spaniards retreated, losing eight soldiers killed and 20 wounded. Two mules laden with ammunition were captured by the rebels. The rebels had one killed and seven wounded, among the latter Capt. Vega, who fell into the hands of the troops and subsequently died from the effects of his wounds.

Insurgent Leaders Salvador Rios and Puyala, with their party, had an encounter with the Spanish column of Lieut.-Col. Escudero, 700 strong, on the 24th, in Monto Oscuro, Bayma. The Spanish columns retired to Bayno after half an hour's firing, leaving three soldiers prisoners with the rebels, three killed and eight wounded. The insurgents had one wounded.

Day before yesterday (the 27th) a party of rebels compelled the garrison at Fort Escondido, near Caimanera, Guanatanamo, to surrender. The insurgents blew up the fort with dynamite bombs. The garrison was composed of one officer and 40 soldiers.

On the 24th instant the Spanish general Gonzalez Nunez, with 1,300 men, infantry, cavalry and artillery, had an encounter in La Herradura and Sal near Manzanillo, with the rebel force of Mendicacia, Vera and Estrada, 2,000 in number. The Spaniards retreated, leaving on the field 25 killed and 90 wounded. Among the former was Lieut.-Col. Lolo Bonito, of the Spanish guerrillas, whose body was taken to Viquita and buried there. Among the latter was Lieut.-Col. Tejonzo, who was very seriously wounded.

There was a fatal fire last night in the town of Criso. Several houses were burned, and the bodies of two soldiers were found under the ruins burned to ashes.

The sugar estates San Luis and Santa Anna have stopped grinding, all the employees having joined the rebels.

FURTHER DEMONSTRATIONS.

Against the United States by Spanish Mob.—The soldiers stoned and an American flag burned.

MADRID, March 9.—Quiet prevailed in the city of Valencia to-day. More arrests were made of persons who took part in yesterday's riotous demonstrations.

At Bilbao the manifestations against the United States were resumed to-day. A large crowd of rioters proceeded to the American consulate and stoned the gendarmes who were guarding the building. Nine of the guards were quite severely injured. Reinforcements were hurriedly dispatched to the consulate, and upon their arrival a charge was made upon the mob, which was quickly dispersed. A score of the rioters were wounded by the gendarmes, and six were arrested.

The Herald says that Hon. Hannis Taylor, the American minister, is about to send his family away from Madrid. Their baggage, the paper adds, was taken to the railway station to-day.

The students at Salamanca paraded the streets to-day hooting and making other noisy demonstrations against the United States. The governor tried to pacify them, but his efforts were in vain. The crowd stoned the gendarmes and finally dispersed them after they had burned an American flag. During the riotous proceedings several persons were injured.

BOY TRAIN WRECKERS.

Arraigned on Charges of Murder in the First Degree.

ROME, N. Y., March 10.—The three remaining train wreckers, John Wilson Hilbreth, Herbert Plato and Theodore Hilbrad, were brought before Judge Scripture here yesterday afternoon to plead to indictments for murder in the first degree. J. I. Sayles, counsel, entered pleas of not guilty for each. Judge Scripture then fixed Monday, April 20, as the date for opening the trial at the courthouse in this city.

Favorably Reported.

WASHINGTON, March 10.—A bill granting to the city of Colorado Springs, Col., upon payment of \$1.25 per acre, certain lands for reservoir and water supply purposes, was yesterday favorably reported to the senate and placed on the calendar.

Diagnosis of Grippe.

The only germicide known that searches out and destroys every grippe germ in the system is Brazilian Balm. A week or ten days' treatment effects a complete cure.

The Knife Not Needed.

A MASSACHUSETTS TOWN
HEARS AND WONDERS.

What a Miracle was There! Tortured
Limbs and a Crooked Neck
Straightened.

(From the Boston, Mass., Gazette.)
Over in the town of Wrentham, Mass.,
there is a man who has been the object of
the entire town, has had his limbs straight-
ened out, his head again made erect by the
straightening of his neck, and is running
about town as with the freedom and
abandon of any child.

Mary S. Fuller is the name of the little
cripple. Many of our readers will remem-
ber her. She is but a child of 8 years, and
has spent the last four years in a hospital,
suffering from Rheumatism, over forty
years ago attacked the nerves and ends of her
lower limbs and neck, so that the former
were drawn all out of shape and twisted
and bent backward in a pitiable manner; and
the ends of the latter were so tightened on
one side as to draw her head down on her
shoulder. Her arms, too, were helpless,
and neighbors' hearts bled at the little one's
suffering. The progress of the disease re-
duced her to a skeleton, and the poor mother
has almost given a her own life for that of
the child, in her uniring watching at the
little one's bedside. Four years of watching,
four years of waiting, and at last the child be-
gan to mend, her cords relaxed, her nervous
system gathered strength and power, and
to-day, as stated above, she is running about
the town a vigorous and happy child. Wren-
tham rejoices, physicians applaud, and new
methods in the treatment of rheumatism are
successfully vindicated. Formerly the case
would have been called on in this case to
straighten the limbs. Now the idea is to
work in harmony with nature so far as pos-
sible, and to use remedial measures employed
which assist nature, supplying to the weak-
ened parts the chemical properties they
need. For instance, in the above case, Dr. Wil-
liam's Pink Pills for Pale People were used,
and effected the cure easily and naturally.

The mother of the child said: "She had
been given up by four doctors, who were
certain that they could not cure her. Why,
she couldn't open her mouth, and I actually
had to force the food into it. Her mouth
was all sores, and, oh dear, what a looking
child she was, and such a case! Nobody
but myself knew what a trial we both have
been through, or she was too young to real-
ize it. If my statement will do anybody
any good I shall be glad to have it pub-
lished, and if these who read it will only
come to me, if they are skeptical, I can
convince them in very little time that I know
what I am talking about. People around here
say it was a miracle, and I believe it was."

Dr. William's Pink Pills contain all the
elements necessary to give new life and
richness to the blood and restore shattered
nerves. They are for sale by all druggists,
or may be had by mail from Dr. Williams'
Medicine Company, Schenectady, N. Y., for
10c. per box, or six boxes for \$2.50.

WHAT DARKNESS REVEALS.

B. Millington Miller Describes Ex-
traordinary Phenomena.

Light from Living Organisms—Illuminate
the Face and Flows from the Finger
Tip—Feeling Without Touching
—Theory Advanced.

(COPYRIGHT, 1894.)

Put a man of the temperament called
"sensitive" in a dark room. Then put
a cat, or a bird, or some parts of flowers
in the same room. The man will see
strange things after he has been in
that dark room a few hours; for the
cat, or the bird, or flowers will become
visible to him in the darkness. At first
they will appear as a gray cloud on a
black background; and then he will
see some lighter spots; and finally each
object will become distinct, becoming
more and more so as time passes.

Go into the dark room yourself with
such a "sensitive" man, and sit there
quietly for several hours. Finally your
companion will begin to see you. Your
hands, for example, will at first ap-
pear to him as a gray smoke; then each
finger will shine with its own light.
He will see a luminous protuberance
at the end of each finger, sometimes
as long as the finger itself.

When the first surprise is past, ask
your "sensitive" man to detail exactly
what he has seen. He will tell you that
the colors of the lights are not the
same on all parts of your body; that
your right hand shows a blue light,
and your left hand a yellow-reddish
light. He will insist that there is the
same difference in color between the
"luminous effluvia" of your feet. He
will state that the right side of your
body and face is bluish and darker than
the left side, which is yellow-reddish
and much lighter.

Col. de Roehas has hypnotized, at dif-
ferent stages, two different subjects
at the same time and in the same room.
Let us call them A and B. A reported
that he could see a luminous or phos-
phorescent coating on B's body. He
could see besides that B's mouth, eyes,

remained in them for awhile, even when
removed to a certain distance from B's
effluvia. "The water," says de Roehas,
"loads itself with sensitiveness as calcu-
lum does with light; and the energy
received radiates from it till it has re-
turned all it has received; in other
words, till it is spent or emptied."

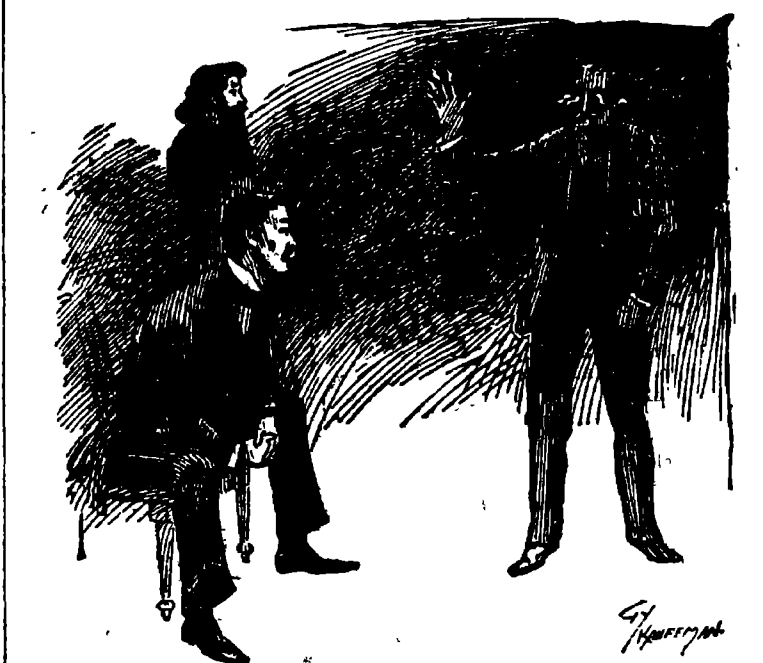

The extent of the luminous atmo-
sphere around B, and the force of the
luminous flames which flow from his
nose, and eyes, and mouth and ears, ap-
pear different to A at different stages,
depending upon the depth of the hyp-
notic sleep into which B has plunged.

THE WATER HAD ACQUIRED THE SAME
SENSITIVENESS.

When the sleep is light his surround-
ing luminous atmosphere is very faint
and shallow; but when he is thorough-
ly hypnotized his luminous atmosphere
is intense, and extends far away from
him.

The colonel immersed a small wax
statue of a man in this "life" of B;
that was surrounding his body, and
found that when he pricked this statue
with a pin, concealed from B's eyes,
it could exactly locate the pin pricks
on his own body, and would exclaim:

IS IT A MESMERIC ILLUSION OR ARE THE LIGHTS REAL?

ears, nostrils, and finger ends were
emitting a flame-like light, blue on one
side of the body, and yellow-reddish
on the other. Those openings seemed
to act like "escapees" for these flames,
which were distinct from the coating of
the skin.

A glass of water was put within the
radius of B's "luminous effluvia" as
described by A, who could see how far
they reached. After a few minutes A
reported that the water itself had be-
come luminous, and that it remained
so for a long while, even if removed
to the other end of the room out of
reach of B's effluvia.

B's sensitiveness of the skin was
made to disappear by the hypnotic

HE WILL SEE STRANGE THINGS.

process; but any touch or puncture of
a pin or needle on the outside edge of
the phosphorescent or luminous coat-
ing perceived by A's eyes was immedi-
ately perceived by B. His body did not
feel the prick of a needle, but the outer
edge of his "luminous effluvia" several
feet away from the skin, had acquired
this sensitiveness lost by the body.

And here appears a wonderful fact.
The water in the tumbler removed to
the end of the room had acquired that
same sensitiveness. If you pinch the
water with your fingers or touch it with
a pin B will scream that you pinch or
prick him. But B will not feel the ac-
tion if performed by a person who
has no magnetic relation with him.
In other words, the action of the mag-
net alone will be felt in the water
by the subject. We must conclude
that the nervous sensitiveness of B's
flesh has been carried further than the
surface of his body and communicated
to the objects saturated and impreg-
nated by his "luminous effluvia;" after
that the sensitiveness of those objects

But Finally Rescued from Danger.
Result of Taking a Friend's Advice.

There are thousands of women to-day
entirely at sea, so to speak, as far as
their ailments are concerned.

They are

He usually

that without
success; he is

Sud-

a lady friend tells the sufferer to try

Lydia E. Pinkham's Vegetable Compound
because it has cured her.

The following letter shows the result
of that trial, and is a sample of thousands
of similar cases happening daily.

"I had been very sick for a long time;
doctored with many prominent phys-
icians. They pronounced my case dys-
pepsia, and said there was a tendency to
cancer of the womb. There was a sense
of fullness and weight in stomach after
meals, loss of appetite, and offensive
belching of wind, dizziness, 'all gone'
feeling in pit of the stomach; headache,
heartburn, palpi-
tation at times,
urine high col-
ored. A lack of
interest in all
things.

"The doctor's
medicines gave
me but little re-
lief. I was al-
most in despair
when a friend ad-
vised your Com-
pound. I took
it, and am now
perfectly well. I
can recommend it to all women. A
number of my friends and neighbors
have taken it on my recommendation,
and have always found relief." — Mrs.

OVATION TO MR. RUSSELL

Ex-Manager Haines' Benefit Night—A Great Audience and a Fine Performance—Two Plays.

Mr. Frank W. Haines, who has closed his career in Decatur as manager of the Grand Opera house, was given a great benefit testimonial last night by the people of Decatur and vicinity. The large audience which filled every part of the big hall was a flattering but well deserved compliment to him, and he appreciated fully the kindly remembrance of his friends, who thus manifested their appreciation of his services in the past years of faithful and conscientious work as a caterer of the best class of entertainments.

The attraction was one of the best to be had—the Sol Smith Russell company, in two new plays, the first one a one act sketch, "Mr. Valentine's Christmas," and the new comedy in three acts, "An Everyday Man," with Mr. Russell in the role of John Emory. The first appearance of Mr. Russell was the signal for a big ovation in his honor, which continued for some time. The entertainment throughout was in line with all performances Russell has ever given to our people, simple, natural and without any objectionable feature, and the support was perfection throughout. Mr. Russell of course was the central figure in every scene, and all that he did, in every word and movement, the audience found interest and instruction. It is the habit of Decatur audiences to speak of Russell's work by comparison. Some say they like him better in his old play, "A Poor Relation;" others that he was at his best in "A Peaceful Valley," while many last night said they never saw him to a better advantage than as the "Everyday Man." That is just what he is in everyday life, and he requires no make-up for the part. It fits him like a glove. And some will wonder how it comes that he can simulate the reeling condition of a tipsy man so perfectly. He gave many an old toper pointers last night. At the finish of the second act Mr. Russell was called before the curtain for the second time. He knew what the people wanted, and he was kind enough to deliver another of his happy little talks, tinged with sly wit and humor. He expressed his gratitude to the people for their presence in such large numbers, and then gracefully retired.

The curtain did not go down on the last act until after 11 o'clock.

An Indian Girl.

The ladies of the Home Missionary society of the First Presbyterian church are supporting a young Indian girl who lives in the Indian Territory.
